Representing Michigan's finest skilled trades workers

The Building and Construction Trades Department, AFL-CIO, is an alliance of craft unions representing approximately three million members. Its unions are widely known as the best choice for highly skilled and highly productive construction labor. The Department and its affiliated member unions demonstrate a concerted commitment to world class skills development and training; coupled with a 21st Century labor/management model that is founded upon the principles of performance, pride, cooperation and partnership.

Quality • Safety • Value

WEST MICHIGAN CONSTRUCTION ALLIANCE

The West Michigan Construction Alliance (WMCA) is a 501(c) (6) non-profit organization. It's a construction labor-management partnership composed of contractor organizations, signatory contractors, organized labor and affiliate members. The WMCA is committed to a program of quality craftsmanship and professional contracting across all construction crafts.

The WMCA was formed in July 2003. The service area of the WMCA includes approximately 23 counties in and around Battle Creek, Grand Rapids, Kalamazoo and Muskegon.

The primary purpose of the Alliance is to promote and market the advantages of the organized construction industry in West and Southwest Michigan. To achieve this purpose, the WMCA, its constituent members and workers are committed to:

- 1) Achieving a better understanding of the needs of our customers and enhancing the quality of our services through continuous improvements.
- 2) Establishing and providing a forum for all segments of West and Southwest Michigan's organized construction community to facilitate more cooperative, productive and safe work environments for the benefit of all construction alliance members, workers and customers.
- 3) Publicizing and promoting the many services and benefits that the West and Southwest Michigan organized construction industry provides to both its customers and communities.

The WMCA is governed by a twelve member Board of Directors equally represented by labor and management persons within the industry. Please visit our website at: www.wmconstructionalliance.org for a current list of Board of Directors, members, craft contractors, as well as other important news and features.

TABLE OF CONTENTS

General Contractors	3-5

The West Michigan Construction Alliance is composed of construction contractor organizations, contractors, organized labor and affiliate members and provides access to fifteen different trades with over 100 apprenticeships. Formed in 2003, the WMCA represents nearly 400 contractors and 5,000 workers in West and Southwest Michigan. The WMCA is committed to a program of quality craftsmanship and professional contracting.

Why Local First?

The question is perhaps best answered by Michael H. Shuman, author of Going Local. As Shuman writes, "Going local does not mean walling off the outside world. It means nurturing locally owned businesses which use local resources sustainably, employ local workers at decent wages and serve primarily local consumers. It means becoming more self-sufficient and less dependent on imports. Control moves from the boardrooms of distant corporations and back into the community where it belongs."

Significantly more money recirculates in West Michigan when consumers choose to support our locally owned businesses. Unlike their national competition, locally owned businesses regularly purchase from other local retailers, manufacturers, service providers and farms. Supporting our locally owned businesses is critical in growing a strong West Michigan economy and tax base.

Data & Study Conducted by: Local First

Local First fosters the development of an economy, grounded in local ownership, which functions in harmony with our ecosystem, meets the basic needs of our people, encourages joyful community life, and builds wealth. Visit the website www.localfirst.com for information on how to become member.

Why Be a Signatory Contractor?

Being a Signatory Contractor in the Organized Construction Industry provides you with the following benefits:

- **Skilled Labor Supply** – Easy access to skilled, professional, safety-conscious, craft-trained workers within your community.
- **State-Of-The-Art Training** – Apprenticeship and training facilities for customized and specialized training including OSHA approved safety training, which can lead to reduced workers compensation rates. Journeyman upgrading courses are also available.
- **Cost Savings** – Skilled craft workers are flexible, committed and willing to go the extra mile to help you complete your projects cost-effectively.
- **Experience** – Quality craft workmanship means faster completion of projects and the ability to implement creative concepts in construction and building techniques.
- **Health & Safety** – We work to eliminate jobsite hazards, cut health care costs and reduce injury and disease.
- **Labor-Management Cooperation** – The West Michigan Construction Alliance helps promote job opportunities for our contractors through networking and sharing best practices.

The Skilled Trades are vital to our state's economy

*"They [The Skilled Trades] play an instrumental role in producing some of our state's most important products. They help build our infrastructure, our homes, and our offices. They work behind the scenes to keep our factories running, our roads and bridges safe, and our homes heated and powered. In Michigan, working in the Skilled Trades has always been a respectable career choice. For generations, workers in the Skilled Trades earned a solid, middle class wage while working in meaningful and enjoyable jobs, all the while contributing significantly to the state's economy. Today, as much as at any other period in our history, our Skilled Trades workers are contributing to our state's economy, playing an important role in its economic recovery and its expansion." Source: Employment and Occupations in the Skilled Trades in Michigan - June 2013
Prepared by: State of Michigan - Department of Technology, Management, and Budget | Bureau of Labor Market Information and Strategic Initiatives*

Every craftworker represented by the West Michigan Construction Alliance is a highly skilled craftsman who's had state-of-the-art training. Training and experience mean a safer work site - and that means lower costs, too.

Registered Apprenticeship has over 1,000 apprenticeable occupations across a variety of fields, but we're quite proud of the traditionally strong showing by the construction industry. Here are the Top 10 Occupations for the previous fiscal year, almost all of which are available in both Green industries and growing industries.

Top 10 Occupations for Fiscal Year 2012	
Occupation Title	Active Apprentices
Electrician	36,742
Carpenter	15,479
Plumber	13,201
Pipe Fitter	8,586
Construction Craft Laborer	7,947
Sheet Metal Worker	7,714
Roofer	5,479
Structural Steel/Ironworker	5,041
Painter	3,560
Pipe Fitter (Sprinkler Fitter)	3,266

Source: http://www.doleta.gov/OA/data_statistics.cfm

The partnership of the National Electrical Contractors Association and the International Brotherhood of Electrical Workers has been serving the West Michigan electrical industry for more than 100 years. As the leaders in training, safety, quality, and productivity, the NECA/IBEW team has been providing customers with the industry's best construction, design, and maintenance services and can put these tools to use on any project and meet any of your electrical needs.

As you use this directory to find the services and contractors you need to perform your various projects, rest assured that all of the electrical contractors included here-in participate in a bona-fide apprenticeship program, provide the best safety training, and can meet any of your manpower and project scope needs.

Choosing your electrical contractor is not a risky proposition when you choose NECA/IBEW!

MEYER

1888 to 2013

125 Years of Construction Experience

GENERAL CONTRACTING
STRUCTURAL STEEL/REBAR
EQUIPMENT INSTALLATION
AND MAINTENANCE
DESIGN/BUILD
VALUE ENGINEERING
PIPING
CONCRETE

As we continue to celebrate our 125th Anniversary in 2013, we pause to reminisce about our continuous growth and unyielding dedication to our clients. Our success is only possible because of the loyalty and support of our customers.

We thank those who have trusted us for decades - and some, well over a century.

What does a Registered Apprenticeship Mean?

- ⇒ It means on-the-job training, as well as related classroom instruction.
- ⇒ It means scheduled, graduated pay increases.
- ⇒ It means, whatever the current apprentice wage classification, the apprentice earns the same amount of money whichever contractor they are working for.
- ⇒ It puts apprentices on a real career track, with health-care benefits and pension security.
- ⇒ Is certified by the Office of Apprenticeship, U.S. Dept. of Labor.
- ⇒ Is jointly sponsored and administered by labor and management.

information from above provided as a courtesy of the

Michigan Carpenter & Millwright Apprenticeship Programs

Project Labor Agreements

A Project Labor Agreement (PLA) is a prehire contract between construction labor and management that governs pay rates, benefits, work rules, and dispute resolution. A PLA generally assures a qualified, skilled workforce for an owner, and provides an owner and contractor with certainty when it comes to workers' wages, shifts, safety standards and no strikes or lockouts. Large Michigan based construction contractors and endusers like American Electric Power, Barton-Malow, Christman, Clark Skanska, Kellogg Community College, and Walbridge often insist on using PLAs for their projects because PLAs provide a level of certainty. When contractors go to bid on a project, a PLA provides them with a ready, skilled labor force, an understanding of how much overtime will cost, workforce shift flexibility, a workforce that has been through standardized safety training and drug testing, and the assurance of no labor disruptions. Oftentimes, having certainty on those issues doesn't cost extra, but saves contractors and owners money.

Email: hcoward.mbtc@gmail.com

"The Building & Construction Trades Department, AFL-CIO is an alliance of craft unions representing approximately three million members. Its unions are widely known as the best choice for highly skilled and highly productive construction labor. The Department and its affiliated member unions demonstrate a concerted commitment to world class skills development and training; coupled with a 21st century labor/management model that is founded upon the principles of performance, pride, cooperation and partnership."

Value is more than the initial bid price. It's what you get at the end of the job. And that means a coordinated project from **West Michigan Construction Alliance** members who reflect superior training, expertise, performance - and no compromises when it comes to the quality of the work.

Facts about Union Construction

- For every construction craft in Michigan, there is a union representing that trade.
- Many of the construction unions in Michigan are more than 100 years old.
- There are nearly 5,000 union contractors in the Michigan Union Construction Industry.
- Studies found a union workforce to be 17 percent more productive than a non-union workforce.
- Union labor productivity not only reduces project costs, but also improves the project's schedule and quality.
- Construction unions, in partnership with union contractors, have established industrywide drug testing programs.

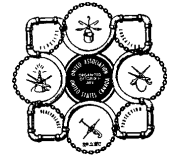

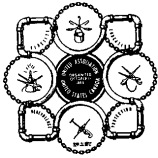

MICHIGAN'S ORGANIZED CONSTRUCTION INDUSTRY ENROLLS AND GRADUATES THE MAJORITY OF WOMEN IN CONSTRUCTION.

STATISTICS OBTAINED THROUGH MICHIGAN DEPARTMENT OF LABOR & ECONOMIC GROWTH AND MICHIGANCAREERS.ORG.

West Michigan Plumbers, Fitters and Service Trades Local Union 174

1008 O'Malley Drive, Coopersville, MI 49404
616-837-0222 • Fax: 616-837-1222
www.ua174.org

The West Michigan Plumbers, Fitters and Service Trades Local 174 and the West Michigan Mechanical Contractors Association pride themselves in their Labor/Management cooperation. They are committed to safety training, skills training, and a drug and alcohol free workplace. These commitments ensure that the customer gets the highest quality workmanship, and the work is done on time and within budget. This lowers future maintenance costs and gives you, the customer, the piece of mind that your Work has been performed by qualified, licensed people and done according to any laws and codes that apply.

West Michigan Mechanical Contractors Association

3221 Three Mile Road NW
Grand Rapids, MI 49534
616-735-9658

www.wmmca.org

For over 100 years Local 174 has furnished the most highly skilled, motivated and exceptionally well-trained workforce to West Michigan mechanical contractors, helping to make them more competitive and by far the best value for any customer.

Our geographical jurisdiction includes the counties of Kent, Lake, Manistee, Mason, Mecosta, Montcalm, Muskegon, Newaygo, Oceana, Osceola, Ottawa and Ionia.

High Angle Rescue & Recovery Certification in Michigan!

In 2013, IUOE 324, Ironworkers Local 340 & 25 received funding from the State of Michigan to train and certify operating engineers and ironworkers in High Angle Rescue & Recovery.

The training is available through apprenticeship and journeymen upgrade training.

For additional information contact IUOE 324 or Ironworkers Local 340 or 25.

Final installation of the permanent stair tower at IUOE 324 Training Facility in Howell, MI. The stair tower was a donation from the Ford Wixom plant and was dis-assembled, moved and re-assembled by apprentices and journeymen from IUOE 324 and Ironworkers Local 25.

The Must Label Means A Total Quality Construction Job

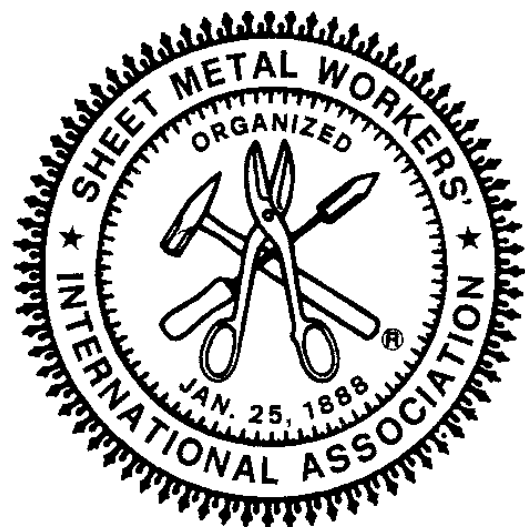

21353 Bridge Street • Southfield, MI 48033
(248) 352-9810 • fax (248) 352-9814
www.mustonline.org

Our Mission:

To ensure the highest standards on the MUST label are met through the continuous improvement of safety, quality, and value on construction sites while completing jobs on-time and on-budget with the highest skilled and trained workforce prepared to meet the demands of construction users/developers in Michigan.

It is the MUST label that symbolizes this quality craftsmanship that goes into our union construction jobs.

Union Construction & Community

- Union contractors in Michigan serve as a strong community partner by contributing their time and resources to community efforts.
- The Michigan Union Construction Industry offers the Helmets to Hardhats program, which offers returning veterans career opportunities in the construction trades.
- Union members volunteer for a variety of community organizations throughout Michigan.
- Since 1946, the AFL-CIO and United Way Worldwide have enjoyed a cooperative relationship through which they and state and local United Ways provide services to members of organized labor, their families and their communities.

The men and women of the **West Michigan Construction Alliance** live in our communities, their children attend local schools, and their families use local health care facilities and shop in our local stores. Our members donate over \$2 million annually in time, talent and resources in order to keep our local economy strong.

It's not how much you spend . . .

IT'S HOW
MUCH

How much do you value experience? Expertise? Financial stability? Technological skill? Dependability? Innovative ideas? That's what you get when you hire a SMACNA Contractor. That, and more. Every SMACNA Contractor is backed by the resources of a national organization that not only sets the standard but literally wrote the book on sheet metal construction. When you hire a contractor, look for the best value, not the lowest bid.

CONTRACTOR DIRECTORY?

If you did, visit our website at:
www.wmconstructionalliance.org

It's what *we* can do
that makes the *difference*.

training
flexibility
safety

Whether it's hands on experience with our skills development frame and large practice frame, attaining certification on our internet-based training modules, utilization of a variety of training videos, timely regulation updates, or our commitment to a drug free worksite, the employers and employees of the Great Lakes Fabricators & Erectors Association make a difference in the safety on your jobsite.

Since 1938, GLFEA has been assisting architects and engineers by offering a network of resources throughout the steel construction industry. Our members provide not only safe, skilled, and experienced craftsmen, but also, the latest in steel design and technology.

Let us make the difference for you.

GREAT LAKES FABRICATORS & ERECTORS ASSOCIATION

glfea.org

Membership Has Its Benefits:

CAM exists to foster growth, and encourage networking between members and their publics. CAM acts as a catalyst to promote and enhance profitability, efficiency and integrity within the construction industry.

As the largest regional construction association in North America, **CAM** offers:

- ❖ The most accurate and complete online construction bidding reports in Michigan. Two state-of-the-art planroom locations.
- ❖ The CAM Buyers Guide – the most recognized, comprehensive and complete construction directory in the state. Also available electronically at www.cam-online.com.
- ❖ Group Health, Life and Dental Insurance.
- ❖ Workers' Compensation Program.
- ❖ Continuing construction education through CAM's Training and Education Center, CAMTEC.
- ❖ CAM Magazine: "The Voice of the Construction Industry".
- ❖ Construction Federal Credit Union.
- ❖ Many other cost-controlling and money saving benefits.

THE BEST IN LABOR RELATIONS ADVICE & INFORMATION.

Quality Labor Relations and Safety Assistance at NO ADDITIONAL COST!

For Union Contractors employing Carpenters, Cement Masons, Laborers or Operating Engineers in Michigan.

Responsible Contracting

Responsible contracting policies help municipalities, public schools, colleges, and universities reduce the risk of contract failure and ensure that contractors have a track record of providing employees with living wages and benefits. Responsible contracting policies establish a basic set of qualifications that all firms must meet in order to bid on public construction or private construction projects that:

- receive public funding,
- require public approvals, or
- benefit from public investment.

Responsible contracting can be achieved through ordinances or laws, regulations, or administrative policies. Moreover, strong policies require general contractors to incorporate these components into their agreements with subcontractors. The West Michigan Construction Alliance has sample Responsible Contracting policies available for download from our website www.wmconstructionalliance.org.
